To: Directors of County Agencies, Commissions and Councils, and Non-Profit Organizations

From: Chairman of the Board of County Commissioners

Subject: Letter of Promulgation, 2020 Lafayette County Local Mitigation Strategy Plan

With this notice, I am pleased to promulgate the 2020 Local Mitigation Strategy (LMS) Plan. The LMS Plan provides the framework for a countywide mitigation program, while providing a structure for plan standardization throughout the county and facilitating efforts for resilience and sustainment with adjacent counties, state, and federal governments.

Every effort was made to comply with the Florida Division of Emergency Management and the Federal Emergency Management Agency (FEMA) mitigation program requirements. The LMS Plan supports the National Mitigation Framework as well as mitigation policies and procedures established by the State of Florida Division of Emergency Management. The LMS Plan specifies authorities, functions, and responsibilities pertaining to establishing collaborative action between county, regional, state, federal, private, and public sector organizations. By coordinating all phases of the emergency management mitigation program, the plan assists and guides organizations in minimizing the impact of disasters and emergencies affecting Lafayette County. I believe it will be a significant tool for saving lives, protecting property, sustaining the economy, and preserving the environment.

Finally, the LMS Plan is a reminder to directors of county agencies, boards, commissions, councils, non-profit organizations, and residents of their primary goals in the Mitigation Program to support Lafayette County Emergency Management Director and LMS Committee to maintain a comprehensive integrated approach to ensure continuity of government and the ability to conduct daily business before, during, and after a catastrophic disaster.

Sincerely,
