Lafayette County Florida Proclamation

Declaring April 2021 as "National Healthcare Decisions Month" in Lafayette County, Florida

National Healthcare Decision Day is recognized across our nation on April 16, 2021 to raise public awareness of the need to plan ahead for health-care decisions, especially those related to end of life care and medical decision-making when patients are unable to speak for themselves, and to encourage the specific use of advanced directives to communicate these important health care decisions.

Many Lafayette County Florida residents have not yet prepared for health-care decisions in times of crisis or at end of life, nor had important conversations with their families and their healthcare with their families and documented those decisions.

It is likely a significant reason for these low percentages is that there is both a lack of awareness and an uncertainty in the public about Advanced Directives.

One of the goals of Healthcare Decisions Day is to raise awareness and provide clear and consistent information to the public about advanced directives, as well as to encourage medical professionals and lawyers to volunteer their time and efforts to improve public knowledge and increase the number of citizens with advanced directives.

Haven Hospice endorses this event and is committed to educating the public during the month of April to stress the importance of discussing health care choices and executing advance directive to make their wishes know.

Through the authority vested in me by the Board of County Commissioners of Lafayette County, Florida, I do hereby proclaim April 2021 as "National Healthcare Decisions Month" in Lafayette County, Florida.

Anthony Adams, Chairman

Attest 
Steve Land, Clerk of Court
