Dear Commissioners,

We, the undersigned residents of Trestle Drive in Lafayette County, request that our County Commission authorize a one-time repair to the Trestle Drive roadway.

This work is requested due to unsafe driving conditions that occur whenever a hard rain takes place. There are several large holes in the roadbed that fill with water making them impassable for a small car and could also prevent the safe entry/exit of an emergency vehicle.

We have a number of senior citizens who live on Trestle Drive and we are worried that we might not be able to navigate out of our subdivision, and also that an emergency response team might be delayed in responding to our call for help.

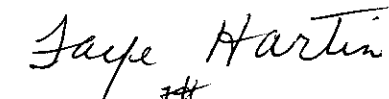

We thank you for your consideration of this request.

Sincerely,
