## Public Works Department Request and Info

**Item 1** – Mr. Beauchamp from Florida Forest services is asking permission to plant 6 trees at the Ezell Boat landing. As you may be aware we have had to cut down 10 pine trees in this park this past year due to disease. Mr. Beauchamp has aided us in identifying these trees and in procedures for disposal of the infected trees. Mr. Beauchamp has received an Arbor Day grant from the Florida Forest Service and would like to use some of that grant to replant 6 trees in the Ezell landing park. There would be no cost to the county for the trees or the mulch. He is asking that we help dig the holes and allow him to do a small write up for the local paper. The write up has to be approved by the Florida Forest Service before it is released to the paper. With the Boards approval Mr. Beauchamp would like to do this as soon as possible.

**Item 2** – With the Boards approval I would like to purchase 15 dumpsters from the Wastequip Company in Lakeland, FL using funds from the Solid Waste budget. The County has not purchased any dumpsters since 2007 and some of our current dumpsters are in poor shape. We have tried to repair some dumpsters, but some are beyond cost efficient repair. The order would consist of 5 six yard, 4 four yard, and 6 two yard dumpsters. The cost of the dumpsters are as follows; 6 yard (\$725.00 each), 4 yard (\$571.00 each), and 2 yard (\$417.00 each). The total cost of dumpsters would be \$8411.00 plus freight cost of \$525.00 for a total of \$8,936.00.

**Item 3** – With the Boards approval I would like to purchase 50 96 gal trash carts for replacement of trash carts in the town of Mayo. These carts can be purchased from the SSI Schaefer Company for \$55.00 per cart. There would be a one time charge of \$250.00 for hot Stamping "Lafayette County Solid Waste" on these cans. The total bill will be \$3000.00 plus freight.

**Item 4** – There is the possibility of moving the 2<sup>nd</sup> coat of paint for the striping on CR 405 to another road or roads that need stripping also. CR 405 is scheduled for resurfacing in 2017. At that time CR 405 will be resurfaced and stripped. CR 405 is ten miles long and with the close proximity to the time of resurfacing I believe we could get more benefit out of our paint if we used it else where. Some of the roads I would suggest to restripe are CR 355 (3.0 Miles), CR 360 from CR 405 to CR 355 (5.8 miles), or CR 500 from HWY 349 to SE Leopard RD (2.8 miles). I have talked to Travis Byrd at Anderson Columbia and he said changing the road we strip would not be a problem as long the mileage worked out. So with the Boards approval I would like to move the second coat of paint from CR 405 to other roads that are in need of stripping.

Thank You

Dear County Commissioners,

I am respectfully asking for a Budget amendment beginning March 1, 2015 through September 30, 2015. I have an Employee retiring September 2015 (Lana Herndon). Lana will be burning a lot of leave through September which will leave us short especially if anyone else has planned leave that has been granted or any kind of sick leave ect... I also have Lana training Shelia Adams on her (Lana's) duties so that she will be ready to take over her responsibilities once Lana is gone. The Tax duties that Lana will be training Shelia on is extremely important and she must be thoroughly trained and knowledgeable. This also places a burden on the Tax Collector's Office while she is training. If the Budget amendment is granted I am hiring someone whom I would like to began working on March 2, 2015. There are many duties that the new hire must learn between March and September. Obviously besides Taxes we are an Agency for the DMV including Driver License and the FWC. The new hire will need training in all these areas and may require travel to learn about the Driver License system. The new hire must also be thoroughly trained. The new hire will be taking over DMV and will also need to know how to keep the books, close out at the end of the day and learn much more with DMV alone. It will place a hardship on this office if I hire someone after Lana has retired and then begin the training process. The new hire salary will be \$22,500 a year. I have broken down what I will need to cover this person for the remaining seven months left in this budget year. \$13,125.00 for salary, the County will need \$1004.08 for Social Security and Medicare and \$967.33 for her Retirement for a grand total of \$15,096.41. I would greatly appreciate the consideration that this budget amendment is given. If any other information is needed please do not hesitate to call upon me.

Thank you,

Gloria C. Wimberley, Lafayette County TC
